

Kyburz SA has developed a brand new range of injected glasses for watches in PMMA or PC. This range is scratch and impact resistant.

NEX Scratchguard

- Storing temperature test: $-20^{\circ}\text{C} / + 70^{\circ}\text{C}$ / duration 24h : 
- Climatic test: $60^{\circ}\text{C} / 90\%$ humidity / duration 168h: 
- Water shock test: 60°C to 5°C duration < 3 sec: 
- Saltwater test: 40°C / saltwater / duration 72h: 
- Tesa test: normal temperature: 
- Tesa test: after water storage 60°C : 
- Water test: 40°C / 3 days: 
- Artificial sweat test: 40°C / 3 days: 
- Abrasion resistance test: (jh) 60 000 times / 5 cycles at 28 800 times: 
- Resistance test against UV- radiation:
